Master's Program in Informatics Degree Program in Comprehensive Human Sciences Graduate School of Comprehensive Human Sciences (For those who enrolled in or after 2023)

Course Area	Course group	Condition or Course names	Credits
Major Courses	Lecture	At least 20 credits must be taken from lecture courses. (1) At least 12 credits must be taken from major subjects of the	
		Master's Program in Informatics	20~
		(2) Up to 8 credits can be accredited from Graduate General Education	
		Courses (GGEC), Interdisciplinary Foundation Courses, Degree	
		Programs' Common Courses, or lecture courses of other graduate schools and degree programs of the University	
		At least 10 credits must be taken from seminar courses of the Master's	
		Program in Informatics.	
	Seminar	 At least 6 credits must be taken from Methodological Foundation Courses or Research Practice Courses 	10~
		(2) At least 4 credits must be taken from Research Seminar Courses	
		Total Required Credits	30
he following are t	the requirements	s for completion of the Master's Program.	
		following the table above.	
Seminar courses are	-		
- mernodorogical i	ounuation Gours	ses: Research Foundation in Informatics (2 credits) Literature Survey (2 credits)	
		Survey and Data Analysis (2 credits)	
• Research Practi	ice Courses:	Research Design (2 credits)	
		Job Design (2 credits)	
		Content Production and Development (2 credits) Records and Information Management (2 credits)	
• Research Seminar Courses:		Special Seminar in Informatics A (1 credit)	
		Special Seminar in Informatics B (1 credit)	
		Special Seminar in Informatics C (1 credit)	
		Special Seminar in Informatics D (1 credit)	
ompetences are ca • Generic Competen	-	s Students: Knowledge application competence Management competence Communication competence Teamwork competence	
 Competences Spec 	cified by Master	Internationality competence	
- competences spec	•	Informatics: Qualitative research competence	
		Quantitative research competence	
		Madia avpartica	
		Media expertise	
		System expertise	
		System expertise Resource expertise
