

Doctoral Program in Informatics
Degree Program in Comprehensive Human Sciences
Graduate School of Comprehensive Human Sciences
(For those who enrolled in or before 2024)

【Study method・Completion requirements】

Course Area	Course group	Condition or Course names	Credits
Major Courses	Seminar	At least 10 credits must be taken for the following. (1) 6 credits must be taken from Research Seminar Courses (2) 4 credits must be taken from Research Practice Courses Graduate General Education Courses (GGEC), Interdisciplinary Foundation Courses, Degree Programs' Common Courses and lecture courses of other graduate schools or degree programs of the University will be accepted as requirements for completion at a maximum of 2 credits out of Research Practice Courses.	10~
Total Required Credits			10
<p>The following are the requirements for completion of the Doctoral Program.</p> <p>1. Acquire at least 10 credits following the table above. Seminars are categorized as stated below.</p> <ul style="list-style-type: none"> • Research Practice Courses: Project Based Learning (2 credits), Research Internship (2 credits) Research Instruction (2 credits). • Research Seminar Courses: Informatics Seminar a1 (1 credit) , Informatics Seminar a2 (1 credit) Informatics Seminar b1 (1 credit) , Informatics Seminar b2 (1 credit) Synthetic Seminar on Informatics Ia (1 credit) Synthetic Seminar on Informatics Ib (1 credit) Synthetic Seminar on Informatics IIa (1 credit) Synthetic Seminar on Informatics IIb (1 credit) <p>2. Acquire all Generic Competences for Doctoral Students and Competences Specified by the Doctoral Program in Informatics through taking credits or other research activities. Competences are categorized as stated below.</p> <ul style="list-style-type: none"> • Generic Competences for Doctoral Students: Knowledge creation competence Management competence Communication competence Leadership competence Internationality competence • Competences Specified by Doctoral Program in Informatics: Research competence in Informatics Expertise in Informatics Ethics in Informatics <p>3. Give an interim presentation of the thesis theme following the regulations of the Doctoral Program in Informatics.</p> <p>4. Pass the Doctoral dissertation evaluation and final exam.</p> <p>Note:</p> <ol style="list-style-type: none"> 1. Students can enroll for external courses (courses other than the Doctoral Program in Informatics) with a maximum of 10 credits. 2. 2 credits must be taken from Informatics Seminar a1, a2, b1, or b2. 3. All 4 credits must be taken from the Synthetic Seminar on Informatics Ia, Ib, IIa, and IIb. 4. Students can enroll for courses of undergraduate schools, Master's Programs and Professional Degree Programs of the University to acquire supplementary knowledge, but they are not counted as credits of completion requirements. 5. Graduate General Education Courses (GGEC), Interdisciplinary Foundation Courses, Degree Programs' Common Courses, lecture courses of other programs or graduate schools of the University will be accepted as requirements for completion.
